

Matt Hanigan

Senior Managing Consultant
PFM Asset Management LLC

Matt Hanigan joined PFM in January 2015 and is currently a senior managing consultant in the Chicago office. Matt helps municipal governments, school districts and other public sector clients in Illinois with their overall investment needs. His current responsibilities include cash flow modeling, developing investment policies, evaluating investment performance, providing economic summaries and research, monitoring investment guidelines and strategy development & implementation. He also provides PFM's Midwest clients with technical & analytical support with respect to their investment portfolios.

Prior to joining PFM full time, Matt graduated from Western Michigan University and was an intern in PFM's Chicago office during the Fall of 2014.
