

Natalie Szymanski

Senior Research Analyst
PFM Asset Management LLC

Natalie Szymanski is a senior research analyst within the multi-asset class management team, where she assists in covering domestic equities. She is responsible for monitoring existing managers and assisting in new manager searches.

Prior to joining PFM in 2018, Natalie worked at BlackRock as a data analyst. Her role involved analyzing external client's investment portfolio risk and returns.

Natalie is currently a Level II candidate for the Chartered Financial Analyst program.
